Weather is around us every day. The annual staff, have tried to show us all of its facets. Its ability to make us blue; its ability to make us happy. Many times this phrase has been used. "The weather is now, wait a minute!" The 19th century weather in this way. If you are looking for a different weather, you are now looking, try the new weather.

We hope you enjoy our effort.

There is no way to escape it. We, build our book around the weather file on us; its ability to make us shiver or perspire. We have also the changeability of the weather. And, "If you don't like the weather, let it be compared to the weather on the page at which you are. It will be completely different."

We Dedicate

Mrs. Gladys Mitchell

As a magnificent diamond has a multitude of facets, so does the sparkling character of Mrs. Gladys Mitchell.

Being understanding, gentle, kind, and very helpful at all times are just a few of her many becoming traits. Rendering her faithful performance, the duties of secretary, practical nurse, adviser and just plain friend of all the students keeps Mrs. Mitchell young and active.

Amidst the hustle-bustle, completing the 1958 school year, Mrs. Mitchell is looking forward to performing her many services in the new high school.

Although starting slowly, the varsity basketball squad finished the season with a fine 11-5 record which was good enough to tie for second place in the West County League.

The team will lose five seniors through graduation, but several juniors gained excellent experience and will form the nucleus for next year's team.

The team scoring was led by Bob Smith and Dick Esper who averaged 15 points per game. Bob Smith also led the team in rebounds with a record 330.

At the Berea sectionals Brooklyn drew the fifth ranked team in greater Cleveland, John Marshall, but still put up a good battle before going down to defeat.

Judy Barker, Joanne Turchan, Betty McDill.

Once again as the annual Yale-Harvard game comes into view, another queen of basketball is crowned. This title has been passed on to Betty McDill from last year's queen, Sue Richie. Betty's court attendants are Joanne Turchan, and Judy Barker.

Once again the Sr. Y-teens have had a full calendar for the year. A Y-teen leader from Germany talked to the girls about German customs. A show was given to brief the girls on the latest party attire; the Christmas formal, which helped to increase the club's treasury. A sweater was purchased for a needy family. Near the close of the year, many opportunities. For the final touch of the season, the annual

They started with an educational and entertaining feature, and customs. As the Christmas holidays approached, a style fitting proved to be helpful in selecting dresses for the Y-teen. MR. CLARENCE L. RICE
Superintendent of Brooklyn Schools

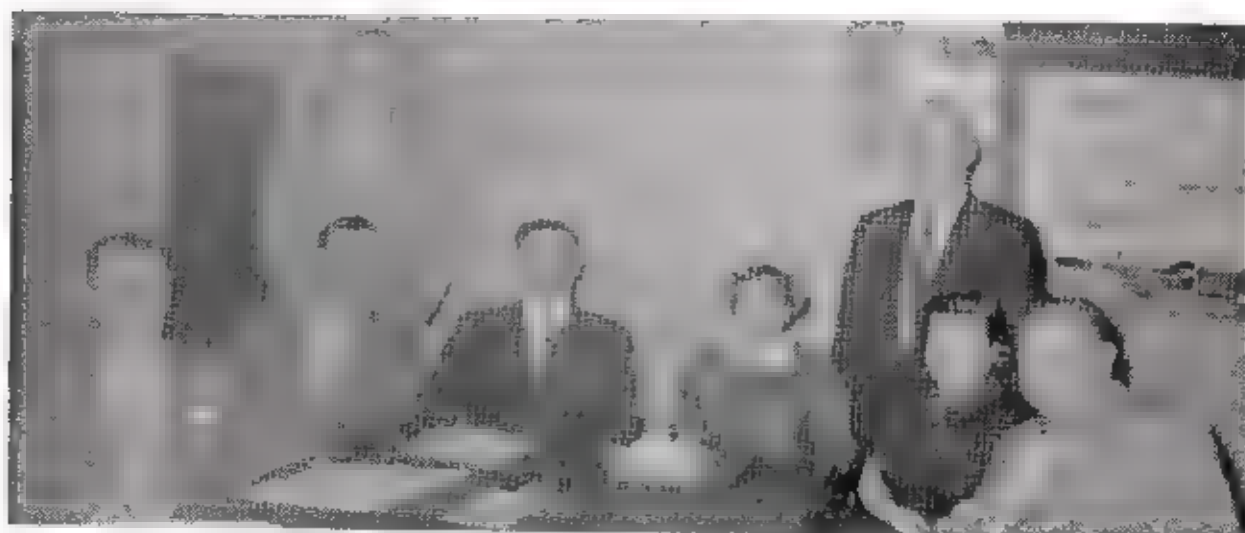

Graduates of 1958, you have been laying the educational foundation for your life. Day after day the tools of learning and thinking and doing have been placed in your hands. You have mastered some of the principles of worthy living and worthy citizenship. I congratulate you. Great are my expectations as you move forward to ever new and widening horizons.

The Class of 1958 holds two distinctions. You are the twenty-fifth class to graduate from Brooklyn High School as well as the largest class ever to leave these halls. We are sure that in the coming years you will give us cause to be as proud of you as we are of the graduates who have preceded you. Our good wishes go with you as you leave us.

MR. DAVID S. ROSENBERGER
Assistant Superintendent of Schools

Administration

BROOKLYN BOARD OF EDUCATION

MR. J. ROGER HOWE
Principal of High School

Mr. Nieman: As Research Coordinator, Mr. Nieman's duties included preparing information for seniors who intend to go to college. He presented many interesting surveys which proved invaluable in determining the selection. Also, he gave many seniors guidance in choosing a college.

Another job was that of head of the Journalism department. For the first time Brooklyn students viewed their school's happenings in the *Brooklyn News*. All the students in his class gained valuable knowledge in the art of handling a newspaper.

MR. JOHN K. NIEMAN
Research Coordinator

MRS. DOROTHY LANDRY
Secretary to the Superintendent

Doing those little jobs that keep the school functioning so efficiently are Mrs. Mitchell, high school Secretary and Mrs. Landry, Secretary to the Superintendent. The many things they do unnoticed, and the cheerful way they do them are a huge aid to us.

MRS. GLADYS MITCHELL
High School Secretary

Congratulations and the best of everything to the Class of 1958 from a Brooklyn "Freshman" Principal. If the annual of this year is any indication, we expect some outstanding people to develop from this group.

This is the first class to graduate since *Sputnik* and the *Explorer* began to circle the earth. Amazing things continue to take place every day. These events seem to set goals for us we have to reach.

"Shoot for the moon" in whatever field interests you most. Today, as much as any time in our history, "The sky is the limit."

We would like to wish all the success in the world to the classes of the future which will have the privilege of graduating from the new Brooklyn High School. May you have the same fond memories which we will cherish for the rest of our lives.
